OJJDP FY 2021 Opioid Affected Youth Initiative 19

Program Description

Overview

This program will support the efforts of states, communities, tribal jurisdictions, nonprofit organizations, for-profit organizations, and institutions of higher education to implement programs and strategies that identify, respond to, treat, and support children, youth, and families impacted by the opioid epidemic to ensure public safety.

Statutory Authority

Any awards under this solicitation will be made under the statutory authority provided by a full-year Department of Justice appropriations act for FY 2021

Specific Information

The opioid epidemic has disrupted public safety and significantly increased the burden on state and local law enforcement, substance abuse treatment delivery systems, mental health systems, child welfare and foster care, and the juvenile justice and criminal justice systems. Through this program, OJJDP is helping states and communities develop a data-driven, coordinated response to opioid abuse-related challenges that impact youth and community safety. Funding under this program may be used to support programs and services to youth and families impacted by both opioids and other substance use disorders.

This solicitation provides funding for two categories—**Category 1: Opioid Affected Youth Programs and Services** and **Category 2: Opioid Affected Youth Initiative Training and Technical Assistance**.

Goals, Objectives, Deliverables, and Timeline

Category 1: Opioid Affected Youth Programs and Services

Goals

The goal of this category is to provide programs and services to youth and families impacted by both opioid and other substance use disorders.

Objectives

Objectives include implementing programs and services that address public safety concerns, intervention, prevention, diversion, and treatment services for children, youth, and families directly impacted by opioid abuse. Sites should work in partnership with representatives from law enforcement, education, probation and community supervision, juvenile court, mental health service providers, medical physicians/examiners, prosecutors, community-based organizations that address substance abuse, child welfare agencies, child protective services, first responders, and other community health agencies.

Deliverables

Deliverables include the implementation of prevention, intervention, diversion, and treatment programs and strategies that respond to both opioid and substance use disorders to ensure public safety.

Category 2: Opioid Affected Youth Initiative (OAYI) Training and Technical Assistance

Goals

The goal of this category is to build the capacity and effectiveness of OJJDP-funded OAYI grantees and communities across the nation to develop and implement programs and strategies that address

the opioid epidemic.

Objectives

Objectives include developing, implementing, and enhancing training and technical assistance (TTA) materials and activities based on best practices for addressing the opioid epidemic, and helping OJJDP identify promising, innovative, and effective programs and strategies for addressing the opioid epidemic.

Deliverables

- A transition work plan (if necessary) that describes how the grantee will incorporate data, materials, and processes from the current OJJDP-funded TTA provider into the applicant's proposed TTA approach, including collaboration and interface between outgoing and incoming providers during the transition phase.
- A plan that documents protocols for managing TTA requests and delivery of consistent and quality TTA.
- A needs assessment that analyzes data and information on the opioid epidemic to identify program and service needs and gaps.
- A strategy to collect, maintain, and disseminate information about effective policies, practices, and trends related to opioids and substance use disorder.
- A plan to develop and disseminate resources and tools to inform OAYI grantees and communities on best practices.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Content of Application Submission.

OJJDP Training and Technical Assistance Awardee Standards

OJJDP has developed the Core Performance Standards for Training, Technical Assistance, and Evaluation to promote among providers the consistency and quality of OJJDP-sponsored training and technical assistance and to advance common expectations of performance excellence. The standards present minimum expectations that providers must meet for effective practice in the planning, coordination, delivery, and evaluation of training.

Requirements related to coordination of activities will include, but are not limited to:

- **Coordination with OJJDP NTTAC.** OJJDP requires all training and technical assistance projects to coordinate their activities with the OJJDP National Training and Technical Assistance Center (NTTAC) by complying with all OJJDP/NTTAC protocols to ensure coordinated delivery of services among providers and the effective use of OJJDP grant funding. OJJDP reserves the right to modify these protocols at any time with reasonable notice to the grantee prior to project completion.
- **OJJDP-funded webinars.** The award recipient must comply with OJJDP's webinar guidelines, as described in the Core Performance Standards. Minimally, OJJDP training and technical assistance providers will submit information to OJJDP in advance of all events for the online calendar, record events, and provide the final files (which must be compliant with Section 508 of the Workforce Rehabilitation Act) to OJJDP or OJJDP's representative. For more information on Section 508 of the Workforce Rehabilitation Act, visit <https://www.section508.gov/>.
- **Training information sharing.** OJP will collect information from its program offices on OJP-funded training and technical assistance events. Award recipients must use OJJDP's standard electronic training request form, submit information to OJJDP on all training events (e.g., name of requester, description of request, dates of event) 30 days in advance of the event date, and report additional data, as OJJDP requires.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

OJP Policy Priority Areas

OJP Policy Priority Areas for Category 1

In FY 2021 and in addition to executing any program-specific prioritization that may be applicable, OJP will give priority consideration to applications as follows:

- Applications that address specific challenges that rural communities face.
- Applications that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.
- Applications that offer enhancements to public safety in economically distressed communities (Qualified Opportunity Zones).

To receive priority consideration under the rural priority, applicants must describe what makes the geographic service area rural (using U.S. Census or other appropriate government data; for assistance, applicants may wish to refer to <https://www.census.gov/programs-surveys/geography/guidance/geo-areas/urban-rural.html>), how isolated the area is from needed services, and how they will address specific challenges in rural communities.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term “high-poverty area” means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saipe.html>).

To receive priority consideration under the Qualified Opportunity Zones priority, applicants must include information that specifies how the project will enhance public safety in the specified QOZs. For resources on QOZs, and for a current list of designated QOZs, see the U.S. Department of the Treasury’s resource webpage, accessible at <https://www.cdfifund.gov/pages/opportunity-zones.aspx>.

OJP policy priority consideration will consist of receiving additional points in the application scoring process. Receipt of priority consideration does not guarantee that an application will be funded; nor will the failure to receive priority consideration necessarily mean that an application will not be funded.

Applicants will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, applicants will need to: add zip codes for areas affected by the project; confirm their Authorized Representative; and verify the organization’s legal name and address.

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project including primary activities, products and deliverables, the service area, and who will benefit from the proposed project, will be completed in the JustGrants Web-based form.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point Times New Roman font; have no less than 1-inch margins; and should not exceed 20 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, OJJDP may negatively consider such noncompliance in peer review and in final award decisions.

The following sections must be included as part of the proposal narrative:

a. Description of the Issue

Applicants should briefly describe the nature and scope of the problem that the program will address. The applicant should use data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Applicants should describe the target population and any previous or current attempts to address the problem. Applicants should describe any research or evaluation studies that relate to the problem and contribute to their understanding of its causes and potential solutions. While OJJDP expects applicants to review the research literature for relevant studies, they should

b. Project Design and Implementation

Applicants should detail how the project will operate throughout the funding period and describe the strategies that they will use to achieve the goals and objectives identified in the previous section. Applicants should describe how they will complete the deliverables stated in the Goals, Objectives, and Deliverables section. This section should also include details regarding any leveraged resources (cash or in-kind) from local sources to support the project and discuss plans for sustainability beyond the grant period.

Timeline. Applicants should submit a realistic timeline or milestone chart that indicates major tasks associated with the goals and objectives of the project, assigns responsibility for each, and plots completion of each task by month or quarter for the duration of the award, using "Year 1," "Month 1," "Quarter 1," etc., not calendar dates. Applicants should submit the timeline as a separate attachment, as stipulated in Additional Application Components. On receipt of an award, the recipient may revise the timeline, based on training and technical assistance that OJJDP will provide.

Management and staffing patterns should be clearly connected to the project design described in the previous section. Applicants should describe the roles and responsibilities of project staff and explain the program's organizational structure and operations. Applicants should include a copy of an organizational chart showing how the organization operates, including who manages the finances; how the organization manages subawards, if there are any; and the management of the project proposed for funding. Applicants should also submit letters of support and commitment from experts, stakeholders, partners, task force members, or key agencies and groups who will work closely with you on your project, receive grant funds, or contribute funds to the completion of project activities.

Category 1: Opioid Affected Youth Programs and Services. Applications submitted by non-law enforcement agencies must have an established partnership with a law enforcement agency (which could include, for example, a juvenile justice agency) at the local or state level for the purpose of advancing the objectives of the grant, as described in the Program Narrative. A fully executed Memorandum of Understanding (MOU) (or equivalent agreement) documenting this partnership must be included as an attachment with the submitted application.

Note: applicants are not required to submit performance data with the application. Rather, performance measures information is included as an alert that successful applicants will be required to submit performance data as part of the reporting requirements under an award.

OJP will require each successful applicant to submit regular performance data that demonstrate the results of the work carried out under the award. The performance data directly relate to the goals, objectives, and deliverables identified under "Goals, Objectives, and Deliverables".

A list of performance measure questions for this program can be found at <https://ojjdp.ojp.gov/funding/grant-performance-measurement/fy-2021-performance-measures>.

As mentioned above, OJP will give priority consideration in award decisions to designated QOZs. Each applicant proposing to receive priority consideration under the QOZs priority must provide a sufficient narrative explanation in order for OJP to identify clearly the public safety benefit the

applicant anticipates that its project will have on a specified QOZ(s). The narrative and the list of affected QOZs (by census tract number) must be included as an attachment that is clearly labeled as addressing QOZs. The applicant may also include tables, charts, graphs, or other relevant illustrations that may be useful in explaining the manner in which the proposed project is anticipated to benefit a QOZ(s). Applicants will submit the narrative by uploading the document as an attachment in JustGrants

Research and Evaluation Independence and Integrity Statement

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. Applicants will submit a description of their research and evaluation independence and integrity by uploading the document as an attachment in JustGrants. For additional information regarding demonstrating research/evaluation independence and integrity, including appropriate safeguards, see the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (10%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (45%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (25%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Additional Review Criteria

Other important considerations for OJJDP include geographic diversity, strategic priorities (specifically including, but not limited to, those mentioned above relating to addressing specific challenges that rural communities face, high-poverty areas or persistent-poverty counties, demonstrable potential enhancement to public safety in one or more federally designated Qualified Opportunity Zones), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (Web-based Form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OJJDP recommendations, but also other factors as indicated in this section.
