INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

Some grant programs will prioritize funding for certain types of jurisdictions or target audiences. This typically means that the federal funding agency will add points to the overall rating of the application or will flag the application for priority when making decisions on what to fund. If your application aligns with a grant program priority, it does not guarantee that it will be funded, but it should be addressed in the application.

For this resource, the grant programs that include priority language around supporting rural jurisdictions or underserved populations are indicated by language highlighted on the grant program description page. The priorities are defined below:

This priority supports [Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government](#):

- Consistent with this Executive Order, the term “underserved community” refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.
- In support of Executive Order 13985, the grant programs with this priority will:
 - » Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.
- Generally, applicants are being asked to describe in their application how the proposed project(s) will promote racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to services, for communities that have been historically underserved, marginalized, and adversely affected by inequality.

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so please read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible. The specific rural category language is included in the grant program description if applicable.

This indicates if a grant program included additional priority language indicating priority for funding rural jurisdictions. The specific rural priority language is included in the grant program description if applicable.

TREATMENT COURT SOLICITATIONS

Grants to Expand Substance Abuse Treatment Capacity in Adult and Family Treatment Drug Courts

Application Due Date:
Grants.gov: May 9, 2022

Eligible entities:

Eligible applicants are domestic public and private non-profit entities. For example:

- State and local governments
- Federally recognized American Indian/Alaska Native (AI/AN) tribes, tribal organizations
- Urban Indian Organizations, and consortia of tribes or tribal organizations
- Public or private universities and colleges; and
- Community- and faith-based organizations.

Eligible courts:

The target audience for this program is adults diagnosed with a substance use disorder as their primary condition that participate in the Adult Tribal Healing to Wellness Courts, Family Treatment Drug Courts (FTDC) and Adult Treatment Drug Court (ATDC) models, such as: Driving While Intoxicated (DWI)/Driving Under the Influence (DUI) Courts, CoOccurring Drug and Mental Health Courts, Veterans Treatment Courts, and Municipal Courts using the problem-solving model.

Total Available Funding: \$6 million

Anticipated Number of Awards: 15

Anticipated Award Amount: Up to \$400,000 per year per award

Length of Project: Up to 5 years
Cost Sharing/Match Required? No

Complete details are available at [Grants to Expand Substance Abuse Treatment Capacity in Adult and Family Treatment Drug Courts](#)

Description:

This program is designed to expand substance use disorder (SUD) treatment and recovery support services in existing drug courts. The program recognizes the need for treatment instead of incarceration for individuals with SUDs.

What can be funded?

- SAMHSA expects drug court recipients to serve a minimum of 40 clients per year (a minimum of 35 clients per year for FTDCs).
- Direct Service required activities:
 - » Screen and assess clients for the presence of SUD and/or co-occurring substance use and mental disorders
 - » Screen for infectious diseases for which those with SUDs are at high risk, including HIV and viral hepatitis
 - » Provide evidence-based and population appropriate harm reduction, treatment, and/or recovery services to meet the unique needs of diverse populations at risk
 - » Provide recovery support services (e.g., childcare, supported employment, skills training and development, and transportation services) that provide emotional and practical support to maintain client/participant remission
 - » Family drug court grant recipients must provide specific services and supports related to the preservation of the family
 - » Family drug court grant recipients must collaborate with community partners that are trained and can serve diverse populations to provide comprehensive services
 - » Implement the key components of the drug court model
- Additional allowable activities are included on pages 10-11 of the solicitation.
- Grant funds must be used primarily for direct services, but you may use no more than 15 percent of the total grant award for infrastructure development.

Anticipated Award Amount: Planning & Implementation
Category: Up to \$700,000, Enhancement Category: Up to \$750,000

Length of Project:

Up to 5 years

Cost Sharing/Match Required?

No

Complete details are available at [Adult Drug Court Discretionary Grant Program](#)

Description:

This program aims to support efforts to plan, implement, and enhance adult drug court services and operations for nonviolent individuals with substance use disorders who are involved in the criminal justice system. BJA will give priority consideration to applications that seek to provide resources to rural and tribal jurisdictions.

What can be funded?

- *Planning and Implementation grants* are available to:
 - » Participate in a 6-month planning phase followed by an implementation phase of an adult drug court with capacity to provide treatment services, case management and coordination, judicial supervision, sanctions and incentive services, and other key resources such as transitional housing, relapse prevention, and employment to reduce recidivism.
- *Enhancement grants* are available to jurisdictions with an operational adult drug court and funding can be used to:
 - » Assist a jurisdiction to scale up its existing court program's capacity; provide access to or enhance treatment capacity or other critical support services; enhance court operations; or improve the quality and/or intensity of services.
- All applicants are encouraged to provide recovery support services, which include transitional or recovery housing and peer recovery support, to active participants in their drug court programs, but no more than 25 percent of the total budget may be used for these services. In particular, applicants are encouraged to consider strategies to ensure access to MAT, consistent housing, and peer and family support.
- All applicants are required to include cost estimates for travel for three team members to attend up to two BJA-approved conferences or trainings during the grant period.

Please note that court programs that combine or propose to combine any of these drug court types with other court programs or dockets are also eligible for funding, although the funding under this program must be used to address only those clients eligible for drug court services.

Complete details are available at [Building Communities of Recovery](#)

Description:

This program is designed to mobilize and connect a broad base of community-based resources to increase the prevalence and quality of long-term recovery support for persons with substance use disorders (SUD) and co-occurring substance use and mental disorders (COD). These grants are intended to support the development, enhancement, expansion, and delivery of recovery support services (RSS) as well as the promotion of and education about recovery. It is expected that these grant activities will be administered and implemented by individuals with lived experience who are in recovery from SUD and COD and reflect the needs and population of the community being served.

What can be funded:

- Staff salaries, wages and fringe benefits for the Program Director and the Project Coordinator. The combined level of effort (LOE) for the two (2) positions must equal 100 percent (1.0 FTE).
- Grantees must use SAMHSA's services grant funds primarily to support direct services.
- Required activities:
 - » Provision of Peer Recovery Support Services (PRSS) designed and delivered by individuals who have lived experienced with SUD and recovery.
 - » Delivery of RSS that directly assist individuals and families to recover from SUD issues.
 - » Collaboration with regional and local harm reduction community partner efforts currently underway as they intersect and relate to RSS that will encompass harm reduction elements.

Cost Sharing/Match Required? No

Complete details are available at [FY 2022 Comprehensive Opioid, Stimulant, and Substance Abuse Site-based Program Solicitation \(ojp.gov\)](#)

Description:

This program provides funding to develop, implement, or expand programs in response to the overdose crisis and impacts of illicit opioids, stimulants, or other substances with the objectives to reduce overdose deaths, promote public safety, and support access to prevention, harm-reduction, treatment, and recovery services in the community and justice system.

The objectives of Category 1 are to encourage and support the development of comprehensive, locally driven responses to the illicit use of opioids, stimulants, and other substances that expand access to treatment and recovery support services across the criminal justice system; support law enforcement and other first responder diversion programs for persons with substance use disorders; promote education and prevention activities; and address the needs of children impacted by substance use.

The objective of Category 2 is to support states in their efforts to implement and enhance one or more of the allowable activities detailed under Category 1 in a minimum of six geographically diverse counties, localities, regions, or tribal jurisdictions.

EXPANDING TREATMENT SERVICES SOLICITATIONS

What can be funded?

Grant funds may be used to develop, implement, or expand a combination of the allowable use activities described below, or be concentrated on one so long as the proposed budget is appropriate and justified.

- Identifiable and accessible take-back programs for unused controlled substances found in the home and/or used by hospitals and long-term care facilities.
- Law enforcement and other first responder deflection and diversion programs.
- Comprehensive, real-time, regional information collection, analysis, and dissemination that promote the use of data for both real-time and comprehensive planning and response to overdoses and emerging drug trends.
- Naloxone for law enforcement and other first responders.
- Education and prevention programs to connect law enforcement agencies with K-12 students.
- Pre-booking or post-booking treatment alternative-to-incarceration programs, such as pretrial, prosecutor, and court diversion or intervention programs, that serve individuals at high risk for overdose or substance use disorder.
- Court programming to prioritize and expedite treatment and recovery services for individuals at high risk for overdose, as well as services for children and youth impacted by their parents' or other family members' substance use.
- Evidence-based substance use disorder treatment related to opioids, stimulants, and other illicit drugs, such as medication-assisted treatment (MAT), as well as harm reduction activities for and recovery support service engagement with the pretrial and post-trial populations leaving local or regional jails or secure residential treatment facilities.
- Transitional or recovery housing and peer recovery support services.
- Embedding social workers, peers, and/or persons with lived experience at any intercept of the Sequential Intercept Model to assist persons in the criminal justice system and their families navigate the justice system and increase their connection to treatment and recovery support services. Social workers, peers, and/or persons with lived experience may be embedded within law enforcement, pretrial and probation agencies, prosecutor-led programs, legal defense agencies, child welfare agencies, courts, and jails to support community reentry.
- Field-initiated projects that bring together justice, behavioral health, and public health practitioners to implement new or promising practices, which may not yet have a research base in addressing the impact of opioids, stimulants, and other substances on communities as a whole and individuals at risk of or with justice system involvement. This includes the application of evidence-based strategies from other fields that have not yet been fully examined in the justice context. Applications for field-initiated projects must include a research partner.

Category 2 applicants can implement one or more of the allowable activities detailed under Category 1. The grantees must support a robust planning period for the sites as well as support for implementation efforts, cross-site training, and peer-to-peer learning. State grantees must conduct an evaluation of all grant-funded activities and provide a copy of the annual, interim, and final evaluation reports prior to the close of the grant period, in collaboration with an independent researcher.

Anticipated Award Amount: \$800,000

Length of Project: Up to 3 years
Cost Sharing/Match Required? Yes: A 25 percent cash or in-kind match is required.

Complete details are available at [OVC FY 2022 Enhanced Collaborative Model Task Force to Combat Human Trafficking \(ojp.gov\)](#)

Description:

This grant program provides funding to develop, expand, or strengthen a multidisciplinary approach to fight human trafficking. This collaborative approach must include victim and social service providers, law enforcement and prosecution personnel, survivors, and a range of other governmental and non-governmental partners that work together to provide a diverse set of appropriate services for trafficking victims. This program expects a co-leadership model approach, with shared decision making by both the lead law enforcement and the lead victim service provider applicants.

What can be funded?

Purpose Area 1:

- Support task forces with critical first steps related to starting up a multidisciplinary task force and establishing a strong foundation of task force co-leadership structure, clear roles and responsibilities, and internal processes and protocols.
- Successful applicants will dedicate the first 12–18 months of funding to formalize task force structure, develop operational procedures, access professional development and training opportunities, deliver training to key stakeholders, and conduct a community assessment to identify potential areas of the community where sex and labor trafficking may be occurring.

Purpose Area 2:

- Support expanded task force partnerships, refinement and implementation of existing and new protocols, meaningful survivor engagement, and efforts to implement a range of proactive approaches that are victim centered and trauma and survivor informed.

Length of Project: Up to 3 years

Cost Sharing/Match Required? No

Complete details are available at [Second Chance Act Addressing the Needs of Incarcerated Parents and Their Minor Children](#)

Description:

This program supports states and units of local government to develop programs within detention or correctional facilities to respond to the needs of incarcerated parents who have children younger than age 18. This program supports activities that foster positive family engagement between incarcerated parents and their children within detention and correctional facilities and implement programs and services that support the children of incarcerated parents to reduce the likelihood of antisocial behaviors and future involvement in the juvenile justice system.

What can be funded?

- Providing facilities with staffing, equipment, tools, and resources to create child-friendly spaces that promote continuous quality environments for parent-child visits.
- Enhancing and expanding services to children of incarcerated parents by facilitating access to services that strengthen the relationship between incarcerated parents and their children.
- Developing safety protocols and procedures for children who are visiting their incarcerated parents.
- Identifying experts to build local capacity for the development and implementation of local strategic plans that use multidisciplinary partnerships, balanced approaches, and evidenced-based strategies and help the facilities address issues associated with incarcerated parents and their children and families.
- Developing and expanding services and education programs that strengthen an incarcerated parent's engagement with his or her children and family and encourage prosocial behavior among youth.
- Providing parenting classes or other services to incarcerated parents to promote responsible civic (e.g., becoming a taxpayer) and family (e.g., paying child support) engagement.
- Supporting family counseling services and educational support to help break the cycle of violence among children who have incarcerated parents.
- Developing services that support incarcerated parents' continued involvement in the lives of their minor children when supported by the children's caregiver or guardian (i.e., father-daughter dances, increased communication between incarcerated parents and their minor children, increased visitation opportunities for incarcerated parents who have minor children, reading on tape programs, phone calls, emails, letters, and tele-visiting).
