JUSTICE AND PUBLIC SAFETY FEDERAL FUNDING PLANNING GUIDE

The week of 01/23/23

INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

Some grant programs will prioritize funding for certain types of jurisdictions or target audiences. This typically means that the federal funding agency will add points to the overall rating of the application or will flag the application for priority when making decisions on what to fund. If your application aligns with a grant program priority, it does not guarantee that it will be funded, but it should be addressed in the application.

For this resource, the grant programs that include priority language around supporting rural jurisdictions or underserved populations are indicated by language highlighted on the grant program description page. The priorities are defined below:

Underserved Community Priority

This priority supports Executive Order 13985, Advancing Racial Equity and Support for Underserved Communities Through the Federal Government:

- Consistent with this Executive Order, the term "underserved community" refers to a population sharing a particular characteristic, as well as a geographic community, that has been systematically denied a full opportunity to participate in aspects of economic, social, and civic life or whose members have been historically underserved, marginalized, and adversely affected by inequality. Such communities include, among others, Black people, Hispanics and Latino/a/e people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and Pacific Islanders.
- In support of Executive Order 13985, the grant programs with this priority will:
 - » Give priority consideration to applications that include project(s) that will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, when making award decisions.
- Generally, applicants are being asked to describe in their application how the proposed project(s) will promote
 racial equity and/or the removal of barriers to access and opportunity, and/or contribute to greater access to
 services, for communities that have been historically underserved, marginalized, and adversely affected by
 inequality.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so please read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible. The specific rural category language is included in the grant program description if applicable.

Rural Priority

This indicates if a grant program included additional priority language indicating priority for funding rural jurisdictions. The specific rural priority language is included in the grant program description if applicable.

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called <u>CONNECT</u>. CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- Bureau of Justice Assistance National Training and Technical Assistance Center
- Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center
- Office for Victims of Crime Training and Technical Assistance Center

Connect and Protect: Law Enforcement Behavioral Health Response Program

Eligible entities:

- City or township governments, County governments, Native American tribal governments (federally recognized), Public and State controlled institutions of higher education, Special district governments, State governments.
- Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet two requirements:
 - The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
 - The applicant must attach documentation to support this designation.

Total Available Funding: \$17 million **Anticipated Number of Awards:** 30

Anticipated Award Amount: Up to \$550,000

Length of Project: Up to 3 years Cost Sharing/Match Required? Yes; This solicitation requires a 20 percent cash and/or in-kind match in years 1 and 2, and a 40 percent cash and/or in-kind match in year 3.

Complete details are available at Connect and Protect: Law Enforcement Behavioral Health Response Program.

Description:

This opportunity will support law enforcement–behavioral health cross-system collaboration to improve public health and safety as well as responses to and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs).

This solicitation is one of two solicitations available as part of the Justice and Mental Health Collaboration Program funding in FY 2023. For justice system-focused projects aimed to help individuals with MHDs or MHSUDs who have come into contact with the criminal justice system, are booked into jail, or are leaving a custodial setting, see the FY 2023 Justice and Mental Health Collaboration Program solicitation.

What can be funded?

Funding can be used to:

- Design and implement a crisis response program based on current best practice to assist law enforcement officers to improve encounters with individuals who have MHDs or co-occurring MHSUDs. These could include any of the following:
 - Crisis Intervention Teams (CIT)
 - Co-Responder Teams
 - Law Enforcement-based Case Management Services
 - Law Enforcement Assisted Diversion (LEAD)
 - Mobile Crisis Teams
 - Crisis Resolution and Home Treatment Teams
 - EMS and Ambulance-based Responses
- Plan and deliver a crisis response program, through coordination between law enforcement and a mental health agency, that includes services to improve or enhance the response.
- Pay salaries, as well as expenses such as training (overtime) and coordination activities, to design and implement a police-mental health collaboration program.
- Engage residents through outreach and education to improve public health and public safety.
- Build positive community relations and trust through public communication strategies.
- Enhance officer knowledge and skills in responding to community members with MHDs or co-occurring MHSUDs.

Complete details are available at Adult Drug Court Discretionary Grant Program

Description:

This grant program aims to support planning, implementing, or enhancing substance use treatment courts, including service coordination, management of treatment court participants, fidelity to the model, and recovery support services. This solicitation offers the following three grant categories:

- Category 1: Planning and Implementation
- Category 2: Enhancement
- Category 3: Statewide

What can be funded?

The following are eligible treatment court types: Adult drug courts (ADCs), driving while intoxicated (DWI)/driving under the influence (DUI) courts, co-occurring courts (participants diagnosed with both substance use and mental health disorders), and tribal healing to wellness courts (THWCs) are eligible. Applicants should refer to their relevant local statutes for definitions of the legal age of an "adult." In addition, where relevant, the proposed program design must function in accordance with the requirements of the court model's key components.

- Planning and Implementation grants are available to:
 - Participate in a 6-month planning phase followed by an implementation phase of an adult drug court
 with capacity to provide treatment services, case management and coordination, judicial supervision,
 sanctions and incentive services, and other key resources such as transitional housing, relapse
 prevention, and employment to reduce recidivism.
- Enhancement grants are available to jurisdictions with an operational adult drug court and funding can be used to:
 - Assist a jurisdiction to scale up its existing court program's capacity; provide access to or enhance treatment capacity or other critical support services; enhance court operations; expand or enhance court services; build or enhance collection and use of key drug operation and outcome data; or improve the quality and/or intensity of services based on needs assessments.

- Statewide grants are available to:
 - Scaling up an ATC program's capacity; helping a local/rural jurisdiction to launch a new ATC as a grant subrecipient; expanding treatment and services; conducting an audit of the practice and the technical assistance for adherence to the key components and best practices; data collection and analysis to assess the practice and track recidivism and participant outcomes; delivering training and technical assistance; supporting a treatment court alumni network and/or peer recovery programs to serve treatment court participants; supporting the staff needed to expand services statewide.

Anticipated Award Amount: Up to \$250,000 - \$800,000

per year

Complete details are available at First Responders - Comprehensive Addiction and Recovery Act

Description:

The purpose of this program is to support first responders and members of other key community sectors to administer a drug or device approved or cleared under the Federal Food, Drug, and Cosmetic Act (FD&C Act) for emergency reversal of known or suspected opioid overdose. Recipients will train and provide resources to first responders and members of other key community sectors at the state, tribal, and local levels on carrying and administering a drug or device approved or cleared under the FD&C Act for emergency treatment of known or suspected opioid overdose.

- Award recipients must use SAMHSA's funds to support direct services, including, but not limited to:
 - Provide resources to support the purchase and distribution of FD&C Act approved or cleared devices
 for emergency reversal of known or suspected opioid overdose by first responders and members of
 other key community sectors in the targeted catchment area.
 - Train and provide resources for first responders and members of other key community sectors (including direct service providers).
 - Establish processes, protocols, and mechanisms for referral to appropriate treatment, which may include an outreach coordinator, peer support specialist or team, or mobile crisis services to connect individuals receiving opioid overdose reversal drugs to follow-up services.
 - Develop a Naloxone Education and Distribution Plan.
 - Form or join an established advisory committee that meets the following requirements of the award.
 - Hire staff that represent the population of the community.
 - Translate tools and resources available to recipients of services.
 - Develop strategies to provide, increase, or enhance access to services for people of all racial/ethnic/marginalized groups in the community.
 - Create conflict and grievance resolutions processes that are culturally and linguistically appropriate
- Refer to pages 8-12 of the solicitation for additional allowable activities.

Grants for the Benefit of Homeless Individuals

Eligible entities:

• Eligible applicants are community-based public and private non-profit entities.

Total Available Funding: \$15.7 million
Anticipated Number of Awards: 32

Anticipated Award Amount: Up to \$500,000

Length of Project: Up to 5 years **Cost Sharing/Match Required?** No

Complete details are available at Grants for the Benefit of Homeless Individuals

Description:

The purpose of this program is to provide comprehensive, coordinated, and evidence-based treatment and services for individuals, including youth, and families with substance use disorders (SUDs) or co-occurring mental health conditions and SUDs (CODs) who are experiencing homelessness.

- Award recipients must use SAMHSA's funds to support direct services, for individuals with SUDs or CODs who are experiencing homelessness. This includes the following activities:
 - Provide outreach and other engagement strategies to unsheltered (including encampments) and sheltered populations.
 - Provide direct SUD and mental health treatment.
 - Have access to or have the ability to partner with existing licensed Opioid Treatment Programs
 (OTPs), and Office-Based Opioid Treatment programs (OBOTs) to provide all forms of FDA-approved
 medications to treat opioid use disorder (MOUD).
 - Provide evidence-based harm reduction practices such as rapid fentanyl test strip distribution, overdose education, naloxone, and other FDA approved overdose reversal medications as long as such purchases are consistent with the purposes of the program and consistent with other local, state, and federal laws.
 - Provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.
 - Utilize staff with lived expertise to provide project services.
 - Provide recovery support services including, but not limited to, recovery housing, childcare, vocational, educational, and transportation services.
 - Assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies.
 - Establish a culturally and linguistically diverse steering committee that meets at least quarterly to monitor the goals outlined in the project.
- Refer to pages 8-12 of the solicitation for additional allowable activities.

Grants to Expand Substance Use Disorder Treatment Capacity in Adult and Family Treatment Drug Courts

Eligible entities:

• States, political subdivisions of States, Indian tribes, or tribal organizations (as such terms are defined in section 4 of the Indian Self-Determination and Education Assistance Act), health facilities, or programs operated by or in accordance with a contract or grant with the Indian Health Service, or other public or non-profit private entities.

Total Available Funding: \$32.4 million Anticipated Number of Awards: 81

Anticipated Award Amount: Up to \$400,000

Length of Project: Up to 5 years **Cost Sharing/Match Required?** No

Complete details are available at <u>Grants to Expand Substance Use Disorder Treatment Capacity in Adult and Family Treatment Drug Courts</u>

Description:

The purpose of this program is to expand substance use disorder (SUD) treatment and recovery support services in existing drug courts. The program recognizes the need for treatment instead of incarceration for individuals with SUDs. These awards provide a continuum of care, including prevention, harm reduction, treatment, and recovery services, for individuals with SUD involved with the courts.

- Funds must be used to expand access to treatment services for SUD and/or co-occurring substance use and mental disorders in existing Adult Drug Treatment Courts (ATDCs), Family Treatment Drug Courts (FTDCs), and Adult Tribal Healing to Wellness Courts. This program is not intended to provide start-up funds to create new ATDCs, Adult Tribal Healing to Wellness Courts, or FTDCs. Eligible drug courts must be operational on or before April 1, 2023.
- Award recipients must use SAMHSA's funds to primarily support direct services.
- Refer to pages 8-13 of the solicitation for additional allowable activities.

Improving Access to Overdose Treatment

Eligible entities:

• Federally Qualified Health Center (as defined in section 1861(aa) of the Social Security Act), opioid treatment programs as defined under part 8 of title 42, Code of Federal Regulations, and practitioners dispensing narcotic drugs pursuant to section 303(g) of the Controlled Substances Act (including secondary and higher education settings).

Total Available Funding: \$1.4 million **Anticipated Number of Awards:** 7

Anticipated Award Amount: Up to \$200,000

Length of Project: Up to 5 years **Cost Sharing/Match Required?** No

Complete details are available at Improving Access to Overdose Treatment.

Description:

The purpose of this program is to expand access to naloxone and other Food and Drug Administration (FDA) approved overdose reversal medications for emergency treatment of known or suspected opioid overdose. The recipients will collaborate with other prescribers at the community level to implement trainings on policies, procedures, and models of care for prescribing, co-prescribing, and expanding access to naloxone and other FDA-approved overdose reversal medications to the specified population of focus (i.e., rural or urban).

- Implement a scalable training of trainers (ToT) program via an established ToT model either in-person, virtually, or hybrid of both in-person and virtual.
- Register trainees and secure their commitment to offer the training in their local regions.
- Deliver a curriculum and provide resources to health care providers and pharmacists that includes best practice protocols for prescribing a drug or device approved by the Federal Food, Drug, and Cosmetic Act for emergency treatment of known or suspected opioid overdose.
- Establish and implement protocols to connect patients who have experienced a drug overdose to appropriate treatment, including medications for opioid use disorder (MOUD) and other appropriate behavioral health services.
- Develop a plan for sustaining the program after Federal support for the program has ended.
- Provide specific information on the ToT framework.
- Refer to pages 9-10 of the solicitation for additional allowable activities.

Medication-Assisted Treatment – Prescription Drug and Opioid Addiction

Eligible entities:

• States, political subdivisions of States, Indian tribes or tribal organizations (as such terms are defined in section 4 of the Indian Self-Determination and Education Assistance Act), health facilities, or programs operated by or in accordance with a contract or grant with the Indian Health Service, or other public or nonprofit private entities.

Total Available Funding: \$18.2 million **Length of Project:** Up to 5 years **Anticipated Number of Awards:** 24 **Cost Sharing/Match Required?** No

Anticipated Award Amount: Up to \$750,000

Complete details are available at Medication-Assisted Treatment – Prescription Drug and Opioid Addiction

Description:

The purpose of this program is to provide resources to help expand and enhance access to Medications for Opioid Use Disorder (MOUD). It is expected that this program will help to 1) increase access to MOUD for individuals with Opioid Use Disorder (OUD), including individuals from diverse racial, ethnic, sexual and gender minority communities; and 2) decrease illicit opioid use and prescription opioid misuse.

- Award recipients must use SAMHSA's funds to primarily support direct services, including, but not limited to,
 providing MOUD with at least one of the FDA-approved medications in combination with comprehensive
 psychosocial services, counseling, behavioral therapies, RSS, and other clinically appropriate services,
 appropriate clinical assessments, screening and assessment, develop outreach and engagement strategies,
 developing harm reduction services.
- Refer to pages 7-11 of the solicitation for additional allowable activities.

The Kevin and Avonte Program: Reducing Injury and Death of Missing Individuals with Dementia and Developmental Disabilities

Eligible entities:

For Category 1:

- Health care agencies
- State or local law enforcement, tribal law enforcement, or other public safety agencies
- Nonprofit organizations (including tribal nonprofit organizations)

For Category 2:

- Health care agencies
- State or local law enforcement, tribal law enforcement, or other public safety agencies
- Federally recognized American Indian tribal governments that perform public safety activities

Total Available Funding: \$2.7 million **Length of Project:** Up to 3 years **Anticipated Number of Awards:** 18 **Cost Sharing/Match Required?** No

Anticipated Award Amount: Up to \$150,000

Complete details are available at The Kevin and Avonte Program: Reducing Injury and Death of Missing Individuals with Dementia and Developmental Disabilities.

Description:

The purpose of this program is to reduce the number of deaths and injuries of individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments. This program provides funding to law enforcement and other public safety agencies to implement locative technologies that track missing individuals, and it provides funding to such agencies and partnering nonprofit organizations to develop or operate programs to prevent wandering, increase vulnerable individuals' safety, and facilitate rescues.

What can be funded?

There are two categories of funding:

- Category 1: Proactive Programming
 - The objective is to design, establish, or operate comprehensive, locally based, proactive programs to locate or prevent the wandering of individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments.
- Category 2: Locative Technology
 - The objective is to purchase, develop, or implement locally based tracking technology for individuals with forms of dementia, such as Alzheimer's disease, or developmental disabilities, such as autism, who, due to their condition, wander from safe environments.

Justice for Families Program

Application Due Dates:
Grants.gov: February 13, 2023
JustGrants: February 16, 2023

Eligible entities:

• City or township governments, County governments, Native American tribal governments (Federally recognized), Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, State governments.

Total Available Funding: \$14 million Anticipated Number of Awards: 20

Anticipated Award Amount: Up to \$700,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Justice for Families Program

Description:

The purpose of this program is to improve the response of the civil and criminal justice system to families with a history of domestic violence, dating violence, sexual assault, and stalking, or in cases involving allegations of child sexual abuse.

What can be funded?

The program supports the following activities for improving the capacity of courts and communities to respond to families affected by the targeted crimes: court-based and court-related programs; supervised visitation and safe exchange by and between parents; training for people who work with families in the court system; civil legal services; and the provision of resources in juvenile court matters.

JUSTICE-INVOLVED CHILDREN, YOUTH, AND FAMILIES PROGRAMS

Linking Actions for Unmet Needs in Children's Health (Project LAUNCH)

Eligible entities:

• States and Territories, including the District of Columbia, political subdivisions of States, Indian tribes, or tribal organizations (as such terms are defined in section 5304 of title 25), health facilities, or programs operated by or in accordance with a contract or award with the Indian Health Service, or other public or private non-profit entities.

Total Available Funding: \$10.6 million **Anticipated Number of Awards:** 13

Anticipated Award Amount: Up to \$800,000

Length of Project: Up to 5 years **Cost Sharing/Match Required?** No

Complete details are available at Linking Actions for Unmet Needs in Children's Health

Description:

The purpose of this program is to promote the wellness of young children, from birth to 8 years of age, by addressing the social, emotional, cognitive, physical, and behavioral aspects of their development, as well as prepare them to thrive in school and beyond. The awards will also provide local communities or tribes resources to disseminate effective and innovative early childhood mental health practices and services. With this program, SAMHSA aims to promote resilience and emotional health for children, youth, and their families.
