FEDERAL FUNDING OPPORTUNITIES

FOR JUSTICE AND PUBLIC SAFETY AGENCIES AND PARTNERS

The week of 03/25/24

INTRODUCTION

Purpose of Document:

This document provides information on current federal funding opportunities. It is intended that the resource will highlight key information to help jurisdictions make decisions about whether to pursue these funding opportunities. Please note that the solicitation or notice of funding that is linked serves as the official guidance on how to apply for the funding, required and allowable expenses, and deadlines. If a funding opportunity looks relevant to the work you are planning for, please read through each solicitation/notice of funding closely to respond to all requirements. Most of the Department of Justice funding opportunities require a two-step application submission process, each with its own deadline. All deadlines are noted in the descriptions.

Audience:

The grant programs listed in this document allow for a variety of eligible applicants, including state, local and tribal government entities and nonprofit organizations. Eligibility and target audience varies by program, so please read through the eligibility information. If your jurisdiction or organization is not eligible to submit the application, many programs allow and/or encourage partnerships through sub-grants and contracts with eligible applicants.

Grant Program Priorities:

For this resource, the grant programs that include priority language around advancing equity, supporting rural jurisdictions, or serving underserved populations are indicated by language highlighted on the grant program description page. See specific instructions in each solicitation/notice of funding to determine what information is required to receive the priority consideration. The priorities are defined below:

Advancing Equity Priority

Some grant programs will give priority consideration to applicants that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Underserved Community Priority

Some grant programs will give priority consideration to applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive at least 40 percent of the requested award funding, as demonstrated in the Budget web-based form) are a population-specific organization that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

Rural Priority

This indicates if a grant program includes language indicating a priority for funding rural jurisdictions.

Rural-Specific Category

This indicates if a grant program includes a category of funding restricted only to rural jurisdictions. Please note that each program typically provides definitions of a rural jurisdiction, and this may vary across programs, so read through each solicitation/notice of funding carefully to determine if your jurisdiction or target audience is eligible.

Connecting with Researchers:

The Justice Community Opioid Innovation Network (JCOIN) has developed a resource for local jurisdictions to find and connect with researchers called <u>CONNECT</u>. CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:

- Bureau of Justice Assistance National Training and Technical Assistance Center
- Office of Juvenile Justice and Delinquency Prevention National Training and Technical Assistance Center
- Office for Victims of Crime Training and Technical Assistance Center

Complete details are available at Collaborative Crisis Response and Intervention Training Program

Description:

This program provides funding to support law enforcement, correctional officers, probation and parole, and sheriff's departments in effectively partnering with mental health, substance use, community service professionals and agencies to promote public safety and make sure that appropriate responses are provided to individuals in crisis who have behavioral health conditions, intellectual disabilities, developmental disabilities, physical disabilities, and/or traumatic brain injuries.

What can be funded?

There are two categories of funding:

- Category 1: Training Program for Law Enforcement Officers, including campus-based police; law enforcement agencies, including probation and parole (field-based); and Sheriff's Departments (Patrol-Based).
- Category 2: Training Program for Correctional Officers, Probation and Parole, and Sheriff's Department (Facility-Based).

Funds can support:

- Plan, develop, or enhance a patrol or institutional confinement training program to improve crisis response and intervention for people in crisis, including collaborative training with community service providers.
- Evaluate a training program based on BJA's CRIT Curriculum. BJA's CRIT Curriculum can be found here: https://www.informedpoliceresponses.com/.

Connect and Protect: Law Enforcement Behavioral Health Response Program

Eligible entities:

- State governments, special district governments, city or township governments, public- and state-controlled institutions of higher education, county governments, Native American tribal governments (federally recognized).
- Other: Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet two requirements:
 - The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
 - The applicant must attach documentation to support this designation.

Total Available Funding: \$10,450,000 Anticipated Number of Awards: 19

Anticipated Award Amount(s): Up to \$550,000

Length of Project: Up to 3 years
Cost Sharing/Match Required? Yes; This solicitation
requires a 20 percent cash and/or in-kind match in years
1 and 2, and a 40 percent cash and/or in-kind match in
year 3.

Complete details are available at Connect and Protect: Law Enforcement Behavioral Health Response Program

Description:

This opportunity will support law enforcement-behavioral health cross-system collaboration to improve public health and safety as well as responses to and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs). Funding is available to help entities prepare, create, or expand comprehensive plans and then implement these collaborative projects to target people who qualify.

On March 21, 2024, at 2 p.m. ET, BJA will host a webinar to provide a detailed overview of this opportunity and allow interested applicants to ask questions. Register here.

What can be funded?

Funding can be used to:

- Design and implement a crisis response program based on current best practice to assist law enforcement officers to improve encounters with individuals who have MHDs or co-occurring MHSUDs. These could include any of the following:
 - Crisis Intervention Teams (CIT)
 - Co-Responder Teams
 - Law Enforcement-based Case Management Services
 - Law Enforcement Assisted Diversion (LEAD)
 - Mobile Crisis Teams
 - Crisis Resolution and Home Treatment Teams
 - EMS and Ambulance-based Responses
 - Community Responder Programs
- Plan and deliver a crisis response program, through coordination between law enforcement and a mental health agency, that includes services to improve or enhance the response.
- Enhance officer knowledge and skills in responding to community members with MHDs or co-occurring MHSUDs.
- Engage residents through outreach and education to improve public health and public safety.
- Build positive community relations and trust through public communication strategies.
- See pages 17-18 for additional allowable funding uses.

Total Available Funding: \$8,250,000 Anticipated Number of Awards: 10 Anticipated Award Amount(s): \$825,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Improving Adult and Youth Crisis Stabilization and Community Reentry Program

Description:

This program provides funding to state, local, and tribal governments, as well as community-based nonprofit organizations, to support cross-system collaboration between criminal and juvenile justice agencies, mental health and substance use agencies, community-based organizations that provide reentry services, and community-based behavioral health providers to improve clinical stabilization pretrial, during confinement, and support continuity of care and recovery during the transition to the community through clinical and other evidence-based activities or services for individuals with serious mental illness, substance use disorders, and co-occurring disorders.

The goal of these efforts is to minimize potential for experiencing crisis and improve recovery outcomes for people with serious mental illness, substance use disorders, and co-occurring disorders who are currently involved with the criminal or juvenile justice systems or reentering the community from these systems.

What can be funded?

Programs can be funded under two categories:

- Category 1: Improving Adult and Youth Crisis Stabilization and Community Reentry Programs—State and Local Governments
- Category 2: Improving Adult and Youth Crisis Stabilization and Community Reentry Programs—Nonprofit Organizations and Tribal Governments

Allowable activities include:

- Screening, assessment, and identification for program participation and clinical services (e.g., education, medication, therapy, behavioral counseling) during pretrial detention or as early as possible upon incarceration and prior to release.
- <u>Collaborative case planning</u> that supports delivery of age-appropriate, trauma-informed, and evidence-based treatment, recovery, and transitional programming during incarceration.
- Continued case management that supports wraparound services (e.g., housing, transportation, developing a support network) based on the screening an assessment results and that supports continuity of care (i.e., continued access to treatment and clinically indicated medications), crisis stabilization (e.g., intensive counseling, relapse prevention), peer support services, and long-term recovery in the community.
- <u>Crisis response services</u> in the community to support crisis stabilization during reentry, which may be delivered by the 988 Suicide and Crisis Lifeline, mobile crisis teams, crisis stabilization and triage centers, peer support specialists, public safety officers, community-based behavioral health providers, or other stakeholders.
- Benefit enrollment and care coordination among government stakeholders, community-based organizations, behavioral health providers such as community mental health centers and certified community behavioral health clinics, hospitals, crisis center, and juvenile assessment centers.

Justice and Mental Health Collaboration Program

Eligible entities:

- State governments, special district governments, city or township governments, public- and state-controlled institutions of higher education, county governments, Native American tribal governments (Federally recognized)
- Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet two requirements:
 - The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
 - The applicant must attach documentation to support this designation.

Total Available Funding: \$13,750,000

Anticipated Number of Awards: Category 1: 13

Category 2: 12

Anticipated Award Amount(s): Up to \$550,000

Length of Project: Up to 3 years Cost Sharing/Match Required? Yes; This solicitation requires a 20 percent cash and/or in-kind match in years 1 and 2, and a 40 percent cash and/or in-kind match in

year 3.

Complete details are available at Justice and Mental Health Collaboration Program

Description:

This program provides funding for programs that support cross-system collaboration to improve public safety responses and outcomes for individuals with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs). This year's solicitation focuses on pretrial, prosecution, courts, probation/parole, and addressing the needs directly related to the criminal activity of adults with mental health conditions, living in homelessness or marginalized communities with minimal access to treatment, needing wrap-around services, in the criminal justice system and leaving incarceration.

This solicitation is one of two solicitations available as part of the Justice and Mental Health Collaboration Program funding in FY 2024. For law enforcement-focused projects, see the separate Connect and Protect: Law Enforcement Behavioral Health Response Program.

On March 19, 2024, at 2 p.m. ET, BJA will host a webinar to provide a detailed overview of this opportunity and allow interested applicants to ask questions. Register here.

What can be funded?

Programs can be funded under two categories:

- Category 1: Criminal Justice System Collaboration: Pretrial, Prosecution, Courts, Behavioral Health
- Category 2: Community Justice and Collaboration: Jails & Prisons, Probation & Parole, Behavioral Health

Allowable activities include:

- Connecting individuals who have MHDs or MHSUDs with treatment and social services through support for the 988 Suicide & Crisis Lifeline.
- Connect individuals with MHDs or MHSUDs with programs and services, including case management, crisis stabilization units, and pre-arrest diversion.
- Creating or expanding mental health courts or other court-based approaches to preliminarily qualified individuals.
- Increasing prosecutor- or defense-led diversion strategies.

- Creating connections with entities and/or providing supported employment services for people with behavioral health conditions.
- Utilizing specialized caseloads for probation.
- Cross-system training of public safety officials and mental health providers.
- Increasing intergovernmental cooperation between state and local governments to support individuals with MHDs or MHSUDs.

Category 2: 33 requires a 25 percent cash and/or in-kind match.
Category 3: 3

Anticipated Award Amount(s): Category 1: \$900,000

Category 2: \$1,000,000 Category 3: \$2,500,000

Complete details are available at Adult Treatment Court Program

Description:

This program provides funding to adult drug courts (ADCs), driving while intoxicated (DWI)/driving under the influence (DUI), courts, co-occurring courts (participants diagnosed with both substance use and mental health disorders), and tribal healing to wellness courts (THWCs) are eligible. The applicant is required to describe a plan to provide access to medication-assisted treatment (MAT) in serving individuals with substance use disorders (SUDs), consistent with the requirements outlined below.

What can be funded?

Funding can be used to:

- Category 1: Planning and Implementation: Funding is available for jurisdictions ready to commit to a sixmonth planning phase followed by an implementation phase for an evidence-based adult treatment court.
- Category 2: Enhancement: Funding is available to jurisdictions with an operational adult treatment court. Funding may be used to assist a jurisdiction to: scale up its existing court program's capacity, provide access to or enhance treatment capacity or other critical support services, enhance court operations, expand or enhance court services, build or enhance collection and use of key drug operation and outcome data, or improve the quality and/or intensity of services based on needs assessments.
- Category 3: Statewide: Funding is available to improve, enhance, or expand adult treatment court services statewide. Activities can include: scaling up capacity for one or more local, state, or tribal ATC programs, helping a local/rural jurisdiction to launch a new ATC as a grant subrecipient, conducting an audit of the practice and technical assistance for adherence to the key components and best practice standards, collecting data and conducting analyses, delivering statewide training and technical assistance, support a treatment court alumni network and/or peer recovery programs to serve treatment court participants, supporting a statewide management information system, and supporting the staff needed to expand services statewide.

requires a 100% cash or in-kind match.

Complete details are available at GLS Campus Suicide Prevention Grant Program

Description:

This program provides support for a comprehensive public health and evidence-based approach that: (1) enhances behavioral health services for all college students, including those at risk for suicide, depression, serious mental illness (SMI)/serious emotional disturbances (SED), and/or substance use disorders that can lead to school failure; (2) prevents and reduces suicide and mental and substance use disorders; (3) promotes help-seeking behavior and reduces stigma; and (4) improves the identification and treatment of at-risk college students so they can successfully complete their studies.

- Develop a plan to provide mental health and substance use disorder prevention and treatment services to college students by employing appropriately trained staff. Services may include recovery support services and programming and early intervention, treatment, and management, including telehealth services.
- Develop supportive policies addressing students who need a medical leave of absence due to the presence of SED, SMI, or co-occurring disorder (COD).
- Support college student groups on campus, including athletic teams, that engage in activities to educate college students, including activities to reduce negative attitudes about behavioral health disorders and to promote mental health.
- Conduct research through a counseling or health center at the institution of higher education involved to improve the behavioral health of students through clinical services, outreach, prevention, and promotion of mental health or academic success in a manner that complies with all applicable personal privacy laws.
- Develop and support evidence-based and emerging best practices, focusing on culturally and linguistically appropriate and trauma-informed practices.

Community Programs for Outreach and Intervention with Youth and Young Adults at Clinical High Risk for Psychosis

Eligible entities:

• State governments and territories, governmental units within political subdivisions of a state (e.g., county, city, town), and Federally recognized American Indian/Alaska Native tribes and tribal organizations.

Total Available Funding: \$5,000,000 Anticipated Number of Awards: 8

Anticipated Award Amount(s): Up to \$650,000 per year

Length of Project: Up to 4 years

requires a cash and/or in-kind match. For Years 1, 2, and
3, you must provide at least \$1 for each \$3 of federal
funds. For Year 4, you must provide at least \$1 for each
\$1 of federal funds.

Complete details are available at Community Programs for Outreach and Intervention with Youth and Young Adults at Clinical High Risk for Psychosis

Description:

This program provides funding for trauma-informed, evidence-based interventions to youth and young adults (up to 25 years of age) who are at clinical high risk for psychosis. Recipients will be expected to use evidence-based interventions to: (1) improve symptomatic and behavioral functioning; (2) enable youth and young adults to resume age-appropriate social, academic, and/or vocational activities; (3) delay or prevent the onset of psychosis; and (4) minimize the duration of untreated psychosis for those who develop psychotic symptoms.

- Funding must be used to primarily support direct services to include the following activities:
 - Implement a stepped-care model for early psychosis.
 - Develop and implement training/workforce development activities for providers/staff to provide and implement the stepped-care model.
 - Develop and implement primary and secondary outreach strategies to community referral partners.
 - Develop and implement training/workforce development activities for providers/staff on CHR-P clinical assessment.
 - Provide, coordinate, or link to intensive home-based services, respite care, and/or therapeutic foster care

Promoting the Integration of Primary and Behavioral Health Care: Collaborative Care Model

Eligible entities:

• Eligibility for this program is statutorily limited to a State or appropriate State agency. Appropriate state agencies include the State Mental Health Authority, the Single State Agency (SSA) for substance abuse services, the State Medicaid agency, or the State Health Department.

Total Available Funding: \$5,200,000 **Length of Project:** Up to 5 years **Anticipated Number of Awards:** 5 **Cost Sharing/Match Required?** No

Anticipated Award Amount(s): \$900,000 per year

Complete details are available at Promoting the Integration of Primary and Behavioral Health Care: Collaborative Care Model

Description:

This program provides funding to support the implementation of the Collaborative Care Model (CoCM). The CoCM is an evidence-based, integrated care approach that addresses mental and substance use conditions in primary care settings. Care is provided by a primary care team and includes a case manager, consulting psychiatrist, and other mental health professionals. Recipients will be expected to work with at least three primary care practices to develop the staffing and systems necessary to implement the CoCM. With this program, SAMHSA aims to increase the identification and treatment of mental health conditions for individuals who access care through primary care practices that too often go untreated and cause disability.

What can be funded?

Conduct a program readiness review to identify barriers, current or potential opportunities, and areas that need improvement in providing integrated primary and behavioral health care.

Develop and implement an Integration Program Plan that includes the activities to be conducted.

Develop and/or add to an Existing State-wide Planning Council.

Develop and implement Program Agreements.

Implement a Sustainability Plan.

Support partnerships with local health care providers providing services to special populations.

Please see pages 7-12 for additional allowable activities.

Promoting the Integration of Primary and Behavioral Health Care: States

Eligible entities:

• Eligibility for this program is statutorily limited to a State or appropriate State agency. Appropriate state agencies include the State Mental Health Authority, the Single State Agency (SSA) for substance abuse services, the State Medicaid agency, or the State Health Department.

Total Available Funding: \$6,000,000 Anticipated Number of Awards: 3

Anticipated Award Amount(s): \$2,000,000 per year

Length of Project: Up to 5 years Cost Sharing/Match Required? No

Complete details are available at Promoting the Integration of Primary and Behavioral Health Care: States

Description:

This program provides funding to (a) promote full integration and collaboration in clinical practices between physical and behavioral health care; (b) support the improvement of integrated care models for physical and behavioral health care to improve overall wellness and physical health status; and (c) promote the implementation and improvement of bidirectional integrated care services, including evidence-based or evidence-informed screening, assessment, diagnosis, prevention, treatment, and recovery services for mental and substance use disorders, and co-occurring physical health conditions and chronic diseases through integrated care.

State recipients must partner with qualified community programs, health centers, rural health clinics, or Federally Qualified Health Centers to develop and implement an integration program plan.

What can be funded?

- Conduct a program readiness review to identify barriers, current or potential opportunities, and areas that need improvement in providing integrated primary and behavioral health care.
- Develop and implement an Integration Program Plan that includes the activities to be conducted.
- Develop and implement Program Agreements.
- Develop and implement a Training and Workforce Development Plan.
- Develop or maintain an existing Provider-level Steering and Implementation Committee
- Develop and/or maintain an existing State Planning Council.

Please see pages 10-15 for additional allowable activities.

Total Available Funding: \$5,000,000 Anticipated Number of Awards: Up to 10 Anticipated Award Amount(s): Up to \$1,000,000

Complete details are available at Competitive DNA Capacity Enhancement for Backlog Reduction (CEBR) Program

Description:

This program provides funding to states and units of local government with existing crime laboratories that conduct DNA analysis to solve crimes and protect public safety by maximizing the effective utilization of DNA technology to process DNA samples for entry into the Combined DNA Index System (CODIS). Priority consideration will be given to applicants falling into the highest percentiles of performance measures (e.g., longest turnaround times) reported by CEBR laboratories in the preceding year. This data is posted on the BJA website at https://bja.ojp.gov/program/dna-cebr/performance-measures.

On April 23, 2024, at 3 p.m. ET, BJA will host a webinar to provide details about this opportunity and offer a chance for participants to ask questions. Register here to participate.

- Purchasing/implementing new and more efficient instruments/robotics to automate routine laboratory processing steps.
- Evaluating, validating, and implementing improved workflows for efficient laboratory processing or improved testing results (e.g., enhanced techniques to recover higher quantities of DNA).
- Purchasing and upgrading software (e.g., LIMS) to more efficiently manage laboratory operations.

Postconviction Testing of DNA Evidence

Application Due Dates: Grants.gov: April 29, 2024

JustGrants: May 6, 2024

Eligible entities:

• State governments, city or township governments, public- and state-controlled institutions of higher education, county governments

Total Available Funding: \$12,000,000 Anticipated Number of Awards: Category 1: 10

Category 2: 2

Anticipated Award Amount(s): Category 1: Up to \$1,000,000

Category 2: Up to \$500,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Postconviction Testing of DNA Evidence

Description:

This program provides funding to assist in defraying the costs associated with postconviction case review, evidence location, and DNA testing in violent felony cases (as defined by state law) where the results of such testing might show actual innocence. The program ensures the availability of fair and impartial administration of justice to individuals who may have been unjustly convicted.

What can be funded?

Category 1: Case reviews and DNA testing. Activities can include:

- Identify potential postconviction DNA testing cases.
- Review appropriate post-conviction cases to identify those in which DNA testing could prove the actual innocence of a person convicted of a violent felony offense as defined by state law.
- Locate biological evidence associated with such postconviction cases.
- Perform DNA analysis of appropriate biological evidence and report and review the DNA test results.

Category 2: Improve preservation of biological evidence and/or modernization of record storage systems. Activities can include:

- Locate, record, store, and retain biological evidence in adjudicated cases in accordance with best practices.
- Modernize evidence retention practices for biological evidence in accordance with best practices.
- Modernize and digitize the storage of existing files and records in adjudicated cases.
- Implement modern, digitized file and record retention systems.

Prosecuting Cold Cases Using DNA

Application Due Dates: Grants.gov: April 25, 2024

JustGrants: May 2, 2024

Eligible entities:

• City or township governments, county governments, Native American tribal governments (federally recognized), Native American tribal organizations (other than federally recognized tribal governments), special district governments, State governments, and Other (State and local prosecuting agencies, Law enforcement, State agencies).

Total Available Funding: \$8,000,000 Anticipated Number of Awards: 16

Anticipated Award Amount(s): Up to \$500,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Prosecuting Cold Cases Using DNA

Description:

This program provides funding to support the prosecution of violent cold case crimes where a suspect (known or unknown) has been identified through DNA evidence. Provided a DNA profile attributed to a known or unknown suspect has been developed from crime scene evidence, this funding also supports investigative activities, as well as crime and forensic analyses, that could lead to the successful prosecution of violent cold case crimes. Note that funding through this program may not be used for investigations in which a suspect's DNA profile does not already exist. Funding may also not be used to work missing and/or unidentified human remains cases unless there are suspect DNA profiles already developed in the case.

What can be funded?

The following activities are allowed:

• Resources to investigate and prosecute cases where a suspect's DNA profile has already been developed, leading to fewer unresolved cases and safer communities.

The following activities are permissible as secondary objectives, but they must directly relate to cases where a DNA profile from a known or unknown suspect has been developed. The applicant's proposal should demonstrate clearly that these activities can be successfully performed:

• Increase the capacity for state and local prosecution agencies to address/close violent cold case crimes.

Identify, locate, collect, process, and analyze evidence, including non-DNA evidence, to assist prosecutors with the litigation of violent cold case crimes where a suspect has already been identified with DNA evidence (suspect may be known or unknown).

Strengthening the Medical Examiner-Coroner System Program

Total Available Funding: \$6,000,000 Anticipated Number of Awards: 15

Anticipated Award Amount(s): Up to \$300,000

Length of Project: Up to 3 years **Cost Sharing/Match Required?** No

Complete details are available at Rural and Small Department Violent Crime Reduction Program

Description:

This program provides funding to support small and rural agencies in their efforts to combat violent crime by implementing a comprehensive violent crime reduction strategy. This program will provide funding to increase the capacity of police departments or prosecutors' offices to fully implement programming and activities that reflect critical elements found in the <u>Violent Crime Reductions Operations Guide</u> or the <u>Prosecutors' Guide to Reducing Violence and Building Safer Communities</u>.

- Implement programming and activities that reflect an enhanced capacity in the critical elements.
- Support agency resources such as personnel, services, or analytical tools that meet the capacity enhancement goal.
- Develop a comprehensive VCR Strategy that incorporates recent and relevant agency data and identifies specific violent crime challenges in the jurisdiction, as well as outline approaches that the agency will take to address those issues throughout the life of this grant.
- Partner with a researcher or subject matter expert to plan, execute, and monitor the capacity enhancement activities selected to ensure organizational growth within the capacity area and a direct link to the Violent Crime Reduction (VCR) Strategy.
- Purchase technology but note that technology purchases may not exceed more than 30 percent of the total budget. Any technology purchases should serve as part of a larger comprehensive plan and should be adequately justified in the implementation stage.
