

FEDERAL FUNDING OPPORTUNITIES

FOR JUSTICE AND PUBLIC SAFETY

AGENCIES AND PARTNERS

The week of 04/28/25

INTRODUCTION

Purpose of Document

This document provides an overview of current federal funding opportunities. It is designed to highlight key information to help jurisdictions evaluate whether to pursue these opportunities. Please refer to the linked Notice of Funding Opportunities (NOFO) as the official source of guidance on application procedures, eligible and allowable expenses, and deadlines. If a funding opportunity appears relevant to your plans, carefully review the NOFO to ensure all requirements are addressed. Many Department of Justice funding opportunities involve a two-step application process, each with its own deadline. These deadlines are detailed within the descriptions.

Audience

The grant programs outlined in this document are open to a range of eligible applicants, including state, local, and tribal government entities, as well as nonprofit organizations. Eligibility varies by program, so it is essential to review the eligibility criteria. If your jurisdiction or organization does not qualify to apply directly, many programs permit and even encourage partnerships through sub-grants or contracts with eligible applicants.

Grant Program Priorities

Please note that many grant programs identify program-specific priorities. See specific instructions in each notice of funding to determine what information is required to receive the priority consideration. This resource will note if a NOFO indicates that there is rural priority or a rural-specific category. The priorities are defined as follows:

Rural-Specific Category

This specifies whether a grant program includes a funding category exclusively for rural jurisdictions. Be aware that each program generally defines "rural jurisdiction" differently, so it is important to carefully review each NOFO to confirm whether your jurisdiction or target audience qualifies. If applicable, the specific language regarding rural categories is included in the grant program description.

Rural Priority

This identifies whether a grant program includes additional priority language prioritizing funding for rural jurisdictions. If applicable, the specific rural priority language is provided in the grant program description.

CONNECT is a researcher and practitioner collaboration and discovery tool and aims to help facilitate multidisciplinary research and programmatic collaboration across the health and justice fields. You can browse or search information on researchers, practitioners, publications, and organizations.

Training and Technical Assistance:

If your community is not ready to apply for funding but still needs assistance, keep in mind that many federal agencies offer free training and technical assistance to connect you with subject matter experts to provide training or technical expertise on certain topics. You can request assistance through the following training and technical assistance centers available through the federal government:
